### WHAT OUR CLIENTS SAY

*I cannot say enough about how good the staff are at Peak Retreats. Every time I called, the phone was answered quickly, and my questions discussed and explored. Really helpful and friendly.*

Mr C (April 2024)

## The Peak Retreats Difference

We hope that you'll notice the difference from your first contact with us. We are passionate about skiing and love sharing that expertise with you. We know our resorts inside out and our experienced award-winning team is always available on the end of the phone, over email, or chat to help you find the best resort and accommodation so that your ski holiday is exactly what you are looking for.

We'll guide you through our range of French resorts, whether you want to discover a lesser-known gem or ski in one of our world-class destinations.

We can arrange travel too, by Eurotunnel, ferry or train, as well as private transfers and en-route stopovers. Once you've decided on your destination, we can also take the hassle out of organising ski lessons, lift passes and ski hire, so that everything is ready for your holiday.

We've been a French Alps specialist for over 20 years. We are the current holders of the Telegraph Travel Best Ski Operator award, having won this in 2023; we are so proud to have been recognised for doing what we love.

# WHAT'S NEW THIS SEASON

## NEW SELF-CATERED CHALETS

We know that lots of you like to travel with family and friends so finding a large enough property is key. This season we've added more individual self-catered chalets to our programme. These special properties give you enough space for a larger party, yet you benefit from the flexibility of self-catering. Here are a two of our favourites; find more at [peakretreats.co.uk/chalets](http://peakretreats.co.uk/chalets)

### ARPETTE RETREAT, PLAGNE 1800

This 160m<sup>2</sup> chalet sleeps up to 12 in five cosy bedrooms and is at the foot of the slopes. It's got a log burning stove, heated ski lockers and its own sauna.

### CHALET BICHOU, LES 2 ALPES

This large chalet sleeps up to 15 and has four en-suite bedrooms. It's at the foot of the slopes and has a beautiful south-facing terrace with outdoor hot tub.

## NEW IN VALMOREL

This friendly resort in the Tarentaise valley offers 160km of slopes. This season it will boast a new residence, the Akoya, at the foot of the slopes and in the heart of the village. Expect stylish apartments, and great facilities including a wellness area with pool, hot tub, sauna and steam room.

## NEW IN MEGEVE

Chic Megève, in the Evasion Mont Blanc ski pass area, will gain a new luxury residence this winter. The Eclat des Vériaz looks stunning. It will have an indoor/outdoor heated pool, wellness area and tapas bar. It's a 10 minute walk from the village centre and lifts, and a shuttle service is planned.

## ONES TO WATCH...

We spotted some beautiful new chalet apartments when we were last in Méribel and we're delighted to introduce these for this season. With stylish interiors and huge windows that flood the living area with light, the **Chalets de Mottaret** are a great addition. They are just 80m from the Chalets gondola. Also new this season; **Le Grand Hotel du Soleil d'Or in Megève**, a veritable institution, this 5-star hotel has a rooftop bar (the only one in the resort) and is famed for its chocolate-lovers paradise, Le Chocolaterie, this year it's added a new restaurant dedicated to cheese. And finally, we have a new residence in Les 2 Alpes. **Le Provençal** apartments are just 100m from the slopes. Discover even more new properties at [peakretreats.co.uk/new](http://peakretreats.co.uk/new)

## RESORT NEWS

### LES ARCS BOASTS NEW GREENER GONDOLA

The Transarc gondola will be even faster next season taking skiers from Arc 1800 up to the Col de la Chal at 2600m in just 13 minutes (compared to 20 minutes today). The upgrade project includes solar panels, which will be integrated into the gondola stations. Great news for those who love this lively resort. We've added a new hotel in Arc 1800 for next season too, the 4-star Altezza.

### AEROLIVE - STRICTLY FOR ADRENALINE SEEKERS

For a completely unique experience, head to La Plagne

this winter. Aerolive looks like an ordinary gondola cabin, except it has no sides! Skiers will be harnessed into the cabin and feel the sensation of being at one with the elements as they glide on the 20 minute gondola ride from 2739m at the Roche de Mio up to to 3080m. Two Aerolive cabins that will operate on the Glaciers gondola this winter. Not one for the faint-hearted but an extraordinary world-first!

### PICTURE PERFECT POOL & PICNICS!

St Martin de Belleville will have a superb new wellness centre in the village this winter, with a beautiful indoor pool. The resort is also adding a new observation deck and picnic spot at 2500m which will have stunning views and fun slides for children.

## PROPERTIES WITH HOT TUBS

We have added more self-catered apartments and chalets with the much-coveted bonus of a private outdoor hot tub to our programme this season. After a day on the slopes, what could be more perfect than relaxing in the secluded setting of your own hot tub looking up at the stars? Find more at [peakretreats.co.uk/hottubs](http://peakretreats.co.uk/hottubs)

Chalet Cocoon, Plagne 1800

### THREE SELF-CATERED CHALETs WITH OUTDOOR HOT TUBS

#### CHALET BLANC, ST MARTIN DE BELLEVILLE

This beautifully decorated, spacious chalet for eight is just 180m from the slopes and ski lifts in the pretty 3 Valleys resort of St Martin de Belleville. The living area is decorated in a modern mountain style, but its four bedrooms have a burst of colour that really suits this special chalet. As well as a hot tub on the terrace, it has its own private sauna. There's also a wood burning stove in the living space, perfect for cosy evenings. (See page 9 for more on St Martin).

#### CHALET AZURITE CHAMONIX

This large six-bedroom chalet sleeps up to 16 and is just 300m from the slopes. The chalet's décor is sleek and contemporary yet the extensive use of wood means it is perfectly in keeping with its Alpine setting. The living area has deep sofas to sink into and the open-plan kitchen/diner offers breathtaking views towards the Mont Blanc massif, plus there is a large south-facing wraparound balcony. Our highlight, however, is the outdoor Nordic bath with mountain views.

#### CHALET COCOON, PLAGNE 1800

Close to the chairlift in Plagne 1800, Cocoon is part of a group of four properties. This is the largest of the four and sleeps up to 16 adults. We loved the underfloor heating in the bedrooms, the living area with its fireplace and the huge dining area. There's even a bar, where you can arrange for a barrel of beer to be put on tap! The ski room has a sauna and from one of the bedrooms you can access the terrace with a 5-person hot tub that has views of Mont Blanc.

## 8 REASONS TO DISCOVER ISÈRE

Nestled in the heart of the French Alps, Isère stands as France's third-largest mountain destination, boasting an impressive array of four mountain ranges and 21 unique resorts. Just a stone's throw from Grenoble, this region offers a spectacular winter wonderland to be explored. Read on to discover eight reasons why Isère should be on your radar this season.

### 1. EXPERIENCE SKIING ON ONE OF THE LARGEST SKIABLE GLACIERS IN THE ALPS

If a snowsure resort is at the top of your list, look no further than Les 2 Alpes. Not only is 70% of the ski area above 2000m but it is also home to a huge glacier reaching up to an impressive 3600m.

### 2. SKI EUROPE'S LONGEST BLACK RUN

Alpe d'Huez is the largest resort in the grand domaine Ski area which covers an extensive 250km of piste.

If you enjoy a challenge, the legendary 16km La Sarenne black run is a must-ski.

### 3. EXPLORE STUNNING UNGROOMED PISTES

Les 7 Laux is perhaps one of our most underrated resorts. Explore the stunning Vallons du Pra ungroomed off-piste area to make the most of breathtaking views and unspoilt snow with complete freedom.

### 4. STAY IN A CHARMING MOUNTAIN VILLAGE

Isère has plenty of choice when it comes to traditional mountain villages. Not least is pretty and charming Vaujany. This family-friendly village gives you access straight into the large snowsure Alpe d'Huez grand domaine Ski area.

### 5. ESCAPE THE CROWDS

Want to head a little off the beaten track? Discover these two neighbouring villages which each bring a distinct flavour – lively Villard de Lans and charming Corrençon en Vercors. Discover stunning panoramas and quiet pistes – just 35 minutes from Grenoble.

### 6. EXPERIENCE NIGHT SKIING WITH A VIEW

In Chamrousse you can enjoy magical panoramic evening views over the city lights of Grenoble. Daytime presents some beautiful views too and plenty of pretty tree-lined slopes.

### 7. ENJOY ABOVE AVERAGE SUNSHINE

The location of Isère means the area benefits from a southern Alps climate. Set amidst the fir trees, village resort Oz 3000 is an ideal resort for those seeking a peaceful base but with access to the large south-facing sunny slopes of Alpe d'Huez.

### 8. TRY FUN ACTIVITIES OFF THE SLOPES

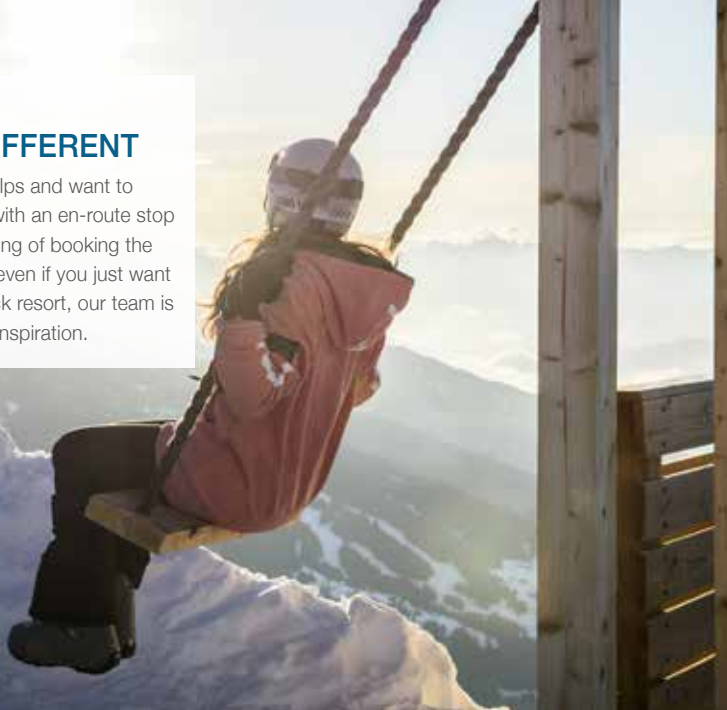

If you like experiencing a range of activities on your ski holiday then Isère has you covered. From husky rides, curling and luge to outdoor yoga! For some adrenaline filled family-fun, Auris-en-Oisans has all-terrain electric 'fat' scooters with a forest trail to enjoy and explore.

## INSPIRATION

## DO SOMETHING DIFFERENT

Whether you are driving to the Alps and want to make the most of your journey with an en-route stop somewhere new, or you're thinking of booking the train with us for the first time or even if you just want to explore an off-the-beaten track resort, our team is always here to offer advice and inspiration.

## EXPLORE MORE OF FRANCE

Make the most of your time in France with one of our bespoke en route escapes. These special experiences allow you to explore more of France, from the vineyards of Burgundy to the Champagne region. Enjoy a night or two of escapism in a hand-picked selection of beautiful hotels, conveniently located a short drive from the main routes to the Alps. Ideal for elevating your journey to or from resort. Find out more at [peakretreats.co.uk/escapes](https://peakretreats.co.uk/escapes)

## TAKE THE TRAIN

The Eurostar Snow Train takes skiers from London St Pancras to a choice of stations in the French Alps with a simple change in Lille. It runs over an 8-night duration, so you can enjoy an extra day skiing. Accommodation-wise we've got you covered too with options for an extra night in Bourg St Maurice or hotels offering 8-nights in resort. We can also book the Eurostar to Paris and then a fast French TGV train from Paris down to the Alps. Do it in one day or add a night in Paris to really make the most of your trip.

## DISCOVER A HIDDEN GEM

We've always championed unspoilt, traditional resorts. As well as stunning scenery, authentic experiences and a warm welcome, our off-the-beaten track resorts offer great value and ski areas with slopes for everyone. Try Arêches-Beaufort; it's the home of Beaufort cheese, there's even a cheese vending machine for late night cravings! Or the village of Saint Sorlin, part of the Les Sybelles area with 310km of piste, and take a look at Les Contamines on page 17 and Val Cenis on page 36.

## Discover... Saint-Martin-de-Belleville

Nestled in the heart of Les 3 Vallées, the world's largest ski area, Saint-Martin-de-Belleville is the epitome of a hidden gem; authentic, with a simple warmth and serene spirit, this village resort has our hearts. Luxury boutique properties sit alongside sympathetically converted old farm buildings that embody the rustic charm and rural heritage that make Saint-Martin-de-Belleville unique.

Clip on your skis and you discover another reason why we love Saint-Martin-de-Belleville. Take the gondola from the heart of the village and you'll soon be skiing on immaculately groomed slopes, where you can rediscover the freedom of wide-open vistas and awe-inspiring snowscapes across the 600km of slopes of the 3 Vallées area.

For Christmas and New Year, the village streets sparkle with twinkling lights and magical decorations.

The gastronomic credentials of the resort draw skiers from across the 3 Vallées. Its restaurants are an ode to local produce and there are Michelin-starred restaurants, homely bistros or altitude restaurants, like Le Maya, to rival any in larger resorts.

A visit to Michelin-starred La Bouilite in the neighbouring hamlet of Saint-Marcel is a must. The duo René and Maxime Meilleur is also behind the bistro, Simple et Meilleur, at our Caseblanche property. Don't miss the opportunity to take home some local sheep milk cheese, visits and tastings are offered at the Trantsa farm, or to taste the valley's new beers at the Brava Vela brewery.

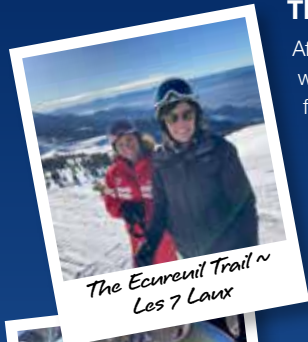

In Saint-Martin-de-Belleville, good food but also wellness is only ever a short ski away. Located on a natural promontory overlooking the village, the new relaxation centre will open this winter and boasts genuine environmental qualities (80% of its heating needs are covered by biomass). Its construction and eco-friendly equipment, aim for the most virtuous carbon footprint possible.

### FALCON LODGE, MÉRIBEL

After a packed day on the slopes, returning home to this beautiful residence feels like entering an oasis of calm. Everything in these superb apartments has been well thought out from the ample storage to the super comfy sofas and well-equipped kitchens. Facilities include one of the most calming ski rooms we've ever seen, an indoor pool, hot tub, sauna and steam room. All apartments have a balcony or terrace and some have their own private hot tubs.

### MAMMOTH LODGE, COURCHEVEL

With just thirteen stunning apartments in two traditionally built chalets, and with fabulous views over the Courchevel Valley, Mammoth Lodge is fast becoming one of *the* places to stay in Courchevel Moriond. It's not often our team is lost for words, but these apartments truly wowed us. The interior decor is super-stylish, relaxed mountain chic. One of the largest apartments even has a gondola cabin and a bar in the living area, plus a private sauna, and a hot tub on one of its terraces.

### CHALET SKADI, VAL D'ISERE

The stunning chalet apartments at Chalet Skadi combine stylish warm interiors with superb facilities. We particularly loved the beautiful low-lit hushed pool and spa area. The care that has gone into designing the interiors is evident in the eye-catching wallpapers, sumptuous fabrics and designer lighting. For cosy evenings in, a number of apartments have wood burning stoves. Take a look at Chalet Izia too, Chalet Skadi's sister residence, also in Val d'Isère, is ski-in/ski-out on the renowned M piste.

## READY, SET, SKI!

Our team can organise everything for you so you can focus on enjoying the mountains! We'll take the hassle out of arranging ski lessons, lift passes and ski hire. Plus, our holidays come with a **return Eurotunnel** crossing so you can drive down to the Alps at your own pace, taking as much kit as you need!

### TRAVEL

**EUROTUNNEL** Our ski holidays include a **return Eurotunnel** crossing for a standard car and we give you a free upgrade to the premium **FlexiPlus** service, except at some school holiday weeks. You can of course just book your accommodation with us if you prefer. With FlexiPlus you can just turn up on the day you've booked to travel and board the next available shuttle so there's no need to rush to make a specific departure time. Drive on in Folkestone and off again in Calais and you're pretty much straight onto the motorway. Our team loves the FlexiPlus lounges, where you can stop off for a coffee and a snack before you board your shuttle - all included as part of the service!

**TRAINS TO THE ALPS** For those who want a more sustainable route to the Alps, we can arrange travel by train. We can offer the Eurostar Snow Train, which runs to the beginning of March; take the Eurostar to Lille then make an easy change and head down to the Alps. Alternatively, you can take a Eurostar to Paris (or Lille) and pick up a French high-speed TGV train. Lots of our resorts are very easily accessible by train. Call our team to discuss your options.

**TRANSFERS** If you've arranged your own travel and you need a transfer from the airport, or if you're coming by train and need a transfer from your arrival station, we can arrange private taxi transfers to your resort. Contact us for a quote.

**EN-ROUTE STOPOVERS** We have a selection of hotels in ideal locations to break up your journey to or from the mountains. Or, if you want to extend your holiday and explore somewhere new then ask our team about our En-route Escapes; special places to stay in the wine regions en-route to the Alps.

### SKI AND BOARD HIRE

We have a longstanding relationship with Sport 2000, whose shops are in great locations in all our resorts. Pre-book your ski equipment hire with us and pick up your skis, boards, boots and helmets on arrival in resort. As a little bonus, we give you seven days ski hire for the price of six so you can pick up your kit on the day you arrive, making your first full-day in resort easier.

### LIFT PASSES

We can arrange lift passes in most of our resorts and for many, we'll send you your lift pass cards with your travel documents, so you'll be ready to get on the slopes! For others with automated lift pass machines, we provide you with a code and you can pick up your passes in resort at a time that's convenient to you, without having to queue at the lift pass office when it opens! We have some great lift pass deals, find these at [peakretreats.co.uk/liftpassdeals](http://peakretreats.co.uk/liftpassdeals)

### SKI SCHOOL

We can make things easy by booking ski lessons for you. We'd recommend doing this as soon as you can so that you can relax knowing you have a place. This season, we can book private lessons in selected resorts too. We work with the excellent Ecole de Ski Français (ESF). Their instructors speak English and have a wealth of local knowledge meaning that lessons not only improve your skiing but help you get the most out of the ski area, whatever your level.

## STAY IN STYLE

Our accommodation is all personally selected by our Directors. The properties in our hand-picked collection have superb facilities and are not only comfortable but also in great locations, whether that's with easy access to the slopes or in the heart of your resort.

### ACCOMMODATION

#### SELF-CATERED APARTMENTS

Apartments offer great value and flexibility; you can eat in or out, stick to your own timetable and you have plenty of your own private space in which to relax together. Spacious living areas and superb facilities such as indoor heated swimming pools, saunas, steam rooms and hot tubs, are becoming the norm and we're proud to bring you some of the most exciting developments in the French Alps. Read more at [peakretreats.co.uk/huski](http://peakretreats.co.uk/huski)

#### SELF-CATERED CHALETs

Our expanded range of self-catered chalets reflects that these large properties are proving more and more popular with groups of families and friends wanting a social way to enjoy a ski holiday together, with the flexibility of self-catering. Open plan living / dining areas mean everyone can get together in the evenings, and facilities can include private hot tubs, saunas and even cinema rooms! Take a peek at three chalets (all with outdoor hot tubs!) on page 6 and discover more at [peakretreats.co.uk/selfcateredchalets](http://peakretreats.co.uk/selfcateredchalets)

If you're thinking of a little getaway this season then see [peakretreats.co.uk/short-ski-breaks](http://peakretreats.co.uk/short-ski-breaks) and give our team a call to discuss your plans.

**SPA TREATMENTS** A post-ski massage or beauty treatment makes a great gift (for a loved one, or for you!). Christmas, Valentine's Day and Mother's day all fall during the ski season. Pre-book spa treatments at selected properties, including most of our Directors' Choice range, in partnership with Ô des Cimes | Spas d'Altitude.

### DIRECTORS' CHOICE

Our Directors' Choice range is a selection of 4 and 5-star self-catered properties with great facilities. They stand out for their comfortable, spacious apartments with well-equipped kitchen areas and facilities such as indoor pool, hot tub, sauna and steam room and a spa. Little touches like beds made on arrival and end of stay cleaning, make your stay more relaxed. Ask our team about special Signature Stay options and the Boutique properties in this range.

## LES SAISIES

This vibrant ski village has a French feel with its good selection of bars, restaurants and shops. It's part of the Espace Diamant area, which links six pretty villages and has varied terrain that suits beginners and intermediates well. The views are stunning too! The resort's microclimate (a consequence of its proximity to Mont Blanc) means that it has above average snow conditions. Les Saisies is also well-known for its 120km of Olympic standard Nordic tracks, making it the ideal place to try cross-country or biathlon.

## THE INSIDE TRACK

"Those who go to Les Saisies quickly fall in love with its views and friendly feel. The skiing is excellent and the setting is quite different to our other resorts. There are plenty of tree-lined runs and easy blues and reds that link up across the ski area. We tried the mountain twister toboggan when we were there – great for family friendly après."

## SAINTE FOY

This popular resort fits the label 'small but mighty' perfectly. It has a winning combination of tree-lined slopes that families love and outstanding off-piste that keeps expert skiers happy, which is probably the reason so many clients return year after year. The ski area is compact and all runs return to the heart of the village. A big effort has been put into creating ungroomed trails through the forest to allow all skiers to experience the freedom of a different type of skiing. Whilst for non-skiers there are marked trails for walking or snowshoeing.

© M. Rejzuz

## THE INSIDE TRACK

"Sainte Foy was our top choice when planning our first family ski holiday. It's compact so nothing is far away and yet it had everything we needed for a week on the slopes. The beginners' area was perfect for our children, 7 and 3, and they even ventured further up the mountain with their ski instructors. It was brilliant watching them enjoy the snow as much as we do!"

## TIGNES

The world-famous Tignes Val d'Isère ski area offers an impressive 300km of slopes and some of Europe's best high-altitude skiing. Tignes Val Claret is the highest of Tignes' resorts and it's also the liveliest. From here, take the funicular up to 3030m, where you'll discover panoramic views and some stunning slopes, as well as the cable car to the Grande Motte glacier (and top of the ski area)! Tignes 1800 is a smaller, quieter, but well-designed, good value base from which you can ski this amazing area. It has a large beginners' area and quick and easy access into the wider ski domain.

## THE INSIDE TRACK

"This legendary ski area has to be skied at least once. There's a huge variety of terrain so experienced skiers will find plenty to challenge them. If you're a mixed ability group then Tignes has some fantastic calm skiing 'progression zones' across the ski area for those starting out to gain confidence, so there really is something for everyone."

## LA ROSIÈRE

This friendly resort is a top choice for families as there really is something for everyone across its 200km of piste. Children will love the themed runs through the trees, and the boardercross, while intermediates can indulge in a bit of cross-border skiing and head to Italy for lunch. There's a secure freeride area too. Off the slopes the two areas of the resort are linked by a pretty forest path and there is a choice of restaurants and shops in both. In terms of family-friendly après, the weekly ice hockey match is a must – it's loud, lively and a whole lot of fun!

## ISÈRE Alpe d'Huez and Vaujany

Lively Alpe d'Huez and pretty Vaujany are both part of the same impressive snow-sure ski area with a top height of 3330m and 250km of slopes, in Isère, France's third biggest skiing destination. The area has something for everyone with plenty of high-altitude skiing as well as treelined runs towards Vaujany. For those who like long runs, you can ski some incredible long vertical drops without having to take a lift. Off the slopes, both resorts have a great choice of après from Vaujany's state-of-the-art sports centre with pool and ice rink to the chance to ride Europe's highest Ferris wheel, at an altitude of 1850m, in Alpe d'Huez.

## VAL CENIS

If you're looking for a hidden gem, then Val Cenis might be it. This Maurienne valley resort is made up of two traditional French mountain villages, Lanslevillard and Lanslebourg, which share 125km of largely north-facing slopes. The family-friendly feel extends to the ski area with a good number of green and blue runs for new skiers and reds that offer progression for early intermediates. Off the slopes you can try dog-sledding or snowshoeing in stunning unspoilt surroundings at the top the Ramasse lift. Head to the top of the ski area for breathtaking views over the Lac du Mont Cenis.

## THE INSIDE TRACK

"Val Cenis was perfect for a trip with my young family. There's a manageable size ski area, fun slopes like the Mickey Mouse run, and slopeside cafés to refuel (or reward) with hot chocolate or ice cream! The ski pass is great value and lets you ski one day in a choice of five other local resorts; our clients highly recommend spending a day skiing in beautiful Bonneval-sur-Arc."

## MONTGENÈVRE

Being right on the border with Italy, it's no surprise that Montgenèvre has a unique Franco-Italian atmosphere and relaxed feel. The superb ski area, part of the vast Milky Way, crosses the border so you have the thrill of skiing into a different country! With slopes on both sides of the resort, there's huge variety too. The Chalvet side has some beautiful wide blues, while the Gondrans side offers some challenging reds, the link with Italy, and a fun boardercross. The wide snowfront is a great place to find your ski legs and is overlooked by a sunny boardwalk (perfect for picnics). The resort is over 100 years old and has a great snow record.

## LE CHALET DES DOLINES

## THE INSIDE TRACK

"A new family favourite for us, Montgenèvre has incredible skiing for all abilities; we really enjoyed the variety of red and blue runs. The Italian influence is strong within the resort, especially the cuisine; we loved picking up a takeaway pizza for dinner at the pizzeria down the road from Le Napoléon! The views across the resort from the Chalvet side were incredible."
